
KITE® Client – Interactive Demos (KAP)

Interactive demos familiarize students with the KITE system. They provide a sampling of technology questions that may appear on tests within the Kansas Assessment Program and are NOT meant to illustrate the rigor and complexity of content that students will encounter on an operational test. The ELA demo is new this year and is intended to be facilitated by the educator to teach students about the technology items on the test.

Accessing Interactive Demos

Note: To access the interactive demos, you must have KITE Client installed on your desktop, laptop or tablet computer.

To access the interactive demos, perform the following steps.

1. Open the KITE Client.
2. Enter a username and password from the tables on this page.

Hint: Be sure to choose Practice First on the welcome screen.

KAP Logins – No PNP Settings

Level (Grades)	Subjects	Username	Password
Elementary (3-5)	ELA, Math/Science	elem.demo	job85
Middle School (6-8)	ELA, Math/Science	middle.demo	send8
High School (9-11)	ELA, Math/Science	high.demo	sake2

KAP Logins – with PNP Settings

The following logins allow educators to see how the PNP (Personal Needs and Preferences) settings affect the test environment. All settings are active for all the logins.

Level (Grades)	Subjects	Username	Password
Elementary (3-5)	Math/Science	pnp.elem.demo	silt7
Middle School (6-8)	Math/Science	pnp.middle.demo	cloud
High School (9-11)	Math/Science	pnp.high.demo	rice5
