

## **Assessment Development Guide**

### **Educator Resource**

#### **English Language Arts: Grade 5**

This document is intended to describe how the Kansas assessments align to the Kansas standards. It illustrates how standards, evidence statements, performance level descriptors (PLDs), and depth of knowledge influence the Kansas summative assessment.

The content standards serve as the foundation of the assessment. These standards are grouped into clusters, and the assessment mirrors these same groupings. By assessing at the cluster level, it is possible to highlight student mastery of the connected material contained in the standards. Emphasis on particular clusters captures the focus, coherence, and rigor of the standards. These content emphases guide the development of each assessment.

### **Suggested Uses**

Educators can use this document to

- better understand the standards and the assessment.
- understand what is expected of students in order to achieve performance level 3.
- check the alignment of curriculum and learning activities.
- ensure that long-range instructional plans match the major emphases of the standards.
- apply standards at the level of rigor necessary to allow students to demonstrate success or mastery within a balanced assessment system.
- develop learning goals.
- build a greater understanding of student, grade-level, school, and district results and plan for future learning activities accordingly.
- provide professional development opportunities within a school or district, and for vertical team planning, grade-level planning, and professional learning communities.

### **Evidence Statements**

Evidence statements are derived from the content standards and describe the knowledge and skills that an assessment item or task elicits from students.

Evidence statements are also designed to provide guidance for teachers in creating classroom learning opportunities that align with the expectations of the standards. Evidence statements

should not be used as a checklist of student understanding, nor should they be used to limit instructional practices.

### Performance Level Descriptors

To help educators and parents understand students' performance at each level, PLDs are available for each test. PLDs define the knowledge, skills, and processes that students likely demonstrate at different levels of proficiency within the reporting categories (1, 2, 3, 4). PLDs are not inclusive: they do not describe all possible skills students could demonstrate at each of the levels. PLDs should not be viewed as checklists of what students should know or be able to do.

These PLDs appear on Individual Student Reports and describe student performance on the assessment.

**Level 1:** A student at Level 1 shows a *limited* ability to understand and use the skills and knowledge needed for post-secondary readiness.

**Level 2:** A student at Level 2 shows a *basic* ability to understand and use the skills and knowledge needed for post-secondary readiness.

**Level 3:** A student at Level 3 shows an *effective* ability to understand and use the skills and knowledge needed for post-secondary readiness.

**Level 4:** A student at Level 4 shows an *excellent* ability to understand and use the skills and knowledge needed for post-secondary readiness.

Detailed descriptions of performance levels for grade 5 ELA are contained within this document.

### Depth of Knowledge

The Kansas Assessment Program (KAP) uses Webb's depth of knowledge (DOK) framework to classify each assessment item based on the level of cognitive demand required by students. The four DOK levels **do not** directly correspond to the four performance levels of the KAP summative assessments.

DOK is a measure of cognitive complexity, not a measure of difficulty. Item difficulty is determined by the percentage of students who correctly respond to an item. It is possible for a DOK 2 item to be very difficult and for a DOK 3 item to be relatively easy.

Items within an assessment include a range of DOK levels and correspond to the levels of cognitive complexity required by the content standards. There are four DOK levels, as outlined below.

- Level 1** Recall and Reproduction: Recall a fact, term, definition, principle, or concept; perform a simple procedure.
- Level 2** Basic Application of Skills and Concepts: Apply conceptual knowledge; use provided information to select appropriate procedures for a task; perform two or more steps with decision points along the way; solve routine problems; organize or display data; interpret or use simple graphs.
- Level 3** Strategic Thinking: Apply reasoning, using evidence, and developing a plan to approach or solve abstract, complex, or nonroutine problems; interpret information and provide justification when more than one approach is possible.
- Level 4** Extended Thinking: Perform investigations or apply concepts and skills that require research and problem solving across content areas or multiple sources.

### Test Content Summary

The test summary provides general information related to the emphasis placed on certain domains and clusters within the assessment.

KAP ELA assessments focus on two overarching domains: Writing and Reading. The latter is further divided into the reading of literary and informational texts.

**Writing:** Students can produce effective writing for a range of purposes and audiences.

Items assessing Writing may be drawn from both clusters below.

*Text Types & Purposes*

*Language in Writing*

**Reading:** Students can read closely and analytically to comprehend a range of increasingly complex literary and informational texts.

Items assessing Reading may be drawn from any of the clusters below.

*Key Ideas & Definitions*

*Craft & Structure*

*Language in Reading*

*Integration of Knowledge & Ideas*

Table 1 summarizes the content of the KAP ELA assessments (effective with spring 2020 administration).

The remaining pages of this document are organized by cluster. Evidence statements and PLDs are shown below each cluster.

**Text Types & Purposes****Cluster**

Demonstrate ability to differentiate between fact and opinion. Demonstrate ability to state opinions about topics or sources, set a context, organize ideas, develop supporting reasons, or provide an appropriate conclusion. Revise one or more paragraphs demonstrating these abilities.

**Standard****W.5.1**

Write opinion pieces on topics or texts, supporting a point of view with reasons and information.

**Evidence Statements**

1. The student identifies the differences between fact and opinion.
2. The student uses provided information to organize and support an opinion or argument by
  - a. clearly stating an opinion on a given topic,
  - b. organizing supporting evidence/reasons,
  - c. using transition words and phrases to connect opinions and reasons, and
  - d. developing an appropriate conclusion related to the opinion presented.
3. The student revises an opinion or argument by
  - a. identifying a missing or weak introduction and conclusion,
  - b. identifying an improved organization or supporting evidence/reasons,
  - c. deleting evidence/reasons that do not support the opinion, and
  - d. identifying missing or weak transition words and phrases.

<p>Students at level 2 may demonstrate skills such as</p> <ul style="list-style-type: none"> <li>• using information provided in a stimulus to develop, organize, or revise opinion text by identifying improved organizational elements, such as stating an opinion about an explicit topic;</li> <li>• organizing supporting evidence or reasons into logical groups;</li> <li>• using transition words and phrases to connect opinions to evidence or reasons; or</li> <li>• providing an appropriate conclusion that supports the stated opinion.</li> </ul>	<p>Students at level 3 may demonstrate skills such as</p> <ul style="list-style-type: none"> <li>• using information provided in a stimulus to develop, organize, or revise opinion text by identifying improved organizational elements, such as stating an opinion about an explicit topic;</li> <li>• organizing supporting evidence or reasons into logical groups;</li> <li>• using transition words and phrases to connect opinions to evidence or reasons;</li> <li>• providing an appropriate conclusion that supports the stated opinion;</li> <li>• categorizing facts and opinions; and/or</li> <li>• deleting reasons and evidence that do not support the stated opinion, when revising.</li> </ul>	<p>Students at level 4 may demonstrate skills such as</p> <ul style="list-style-type: none"> <li>• using information provided in a stimulus to develop, organize, or revise opinion text by identifying and applying improved organizational elements, such as stating an opinion about an explicit or implicit topic;</li> <li>• organizing supporting evidence or reasons into logical groups;</li> <li>• using transition words and phrases to connect opinions to evidence and reasons</li> <li>• providing an appropriate conclusion that supports the explicit or implicit opinion presented;</li> <li>• assessing the differences between facts and opinions; and/or</li> <li>• deleting reasons and evidence that do not support the stated opinion, when revising.</li> </ul>

**Text Types & Purposes****Cluster**

Demonstrate ability to organize ideas in informational/explanatory texts by stating a focus (main idea), including appropriate transitional strategies for coherence, supporting details, or an appropriate conclusion. Revise one or more paragraphs demonstrating these abilities.

**Standard****W.5.2**

Write informative/explanatory texts to examine a topic and convey ideas and information clearly.

**Evidence Statements**

1. The student will use provided information to organize and support an informational or explanatory texts by
  - a. clearly stating a main idea,
  - b. using supporting details to develop the main idea,
  - c. using transition words and phrases to connect ideas,
  - d. using precise language, and
  - e. developing an appropriate conclusion related to the information or explanation presented.
2. The student will revise an informational or explanatory texts by
  - a. identifying a missing or weak introduction and conclusion,
  - b. identifying an improved organization or supporting details,
  - c. deleting details that do not support the text's main idea,
  - d. using precise language, and
  - e. identifying missing or weak transition words and phrases.

**Text Types & Purposes****Cluster**

Demonstrate ability to use specific narrative techniques (e.g., dialogue, description), chronology, appropriate transitional strategies for coherence, or author's craft appropriate to purpose (e.g., closure, detailing characters, plot, setting, an event). Revise one or more paragraphs demonstrating these abilities.

**W.5.3****Standard**

Write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences.

**Evidence Statements**

1. The student will use provided information to organize a narrative that engages and orients the reader by
  - a. clearly establishing a situation,
  - b. introducing a narrator or character(s),
  - c. using dialogue and descriptions to develop the story,
  - d. using transitional words to manage the sequence of events,
  - e. using concrete words and sensory details, and
  - f. developing an appropriate closure that follows from the narrative.
2. The student will revise a narrative by
  - a. identifying and correcting a weak/missing introduction of the situation and/or narrator/character(s);
  - b. identifying an improved organization, dialogue, and/or description;
  - c. deleting details that are inconsistent with the rest of the narrative;
  - d. using concrete words and sensory details; and
  - e. identifying a missing or weak conclusion.

**Performance Level Descriptors (PLDs)****All Levels**

Students can apply and edit some grade-appropriate conventions for grammar usage, capitalization, punctuation, and spelling to clarify a message and edit narrative, explanatory/informational, and opinion texts.

Conventions at this grade and level of proficiency include use and/or correction of

- editing sentences,
- verb use (including perfect tense; shifts in tense; conveying sequence, state, or condition),
- relative pronouns and adverbs,
- correlative and subordinating conjunctions,
- complex sentences,
- comma use (with items in a series, introductory elements, the words *yes* and *no*, tag questions, and direct address),
- correct punctuation for titles, and
- spelling of grade-appropriate words, and
- may also include conventions from the previous two grade levels.

**Key Ideas & Details**

**Cluster** Given an inference or conclusion, use explicit details and implicit information from the text to support the inference or conclusion provided.

**Standard** **RL.5.1**  
Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.

**Language in Reading****Cluster**

Determine intended meaning of words and phrases based on context, word relationships, word structure (e.g., common roots, affixes), or the use of resources (e.g., a dictionary) and interpret use of language by distinguishing literal from figurative meanings.

**RL.5.11****Standards**

Determine or clarify the meaning of unknown and multi-meaning words and phrases *based on grade 5 reading and content*, choosing flexibly from a range of strategies.

**RL.5.12**

Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.

**Evidence Statements**

1. The student will determine the meaning of an unknown word or phrase by
  - a. using context clues,
  - b. using common Greek and Latin affixes and/or roots, and
  - c. using reference materials to determine and/or clarify meaning.
2. The student will demonstrate understanding of word relationships and nuances in meaning by
  - a. interpreting figurative language in context,
  - b. explaining the meaning of common idioms, adages, and proverbs in context, and
  - c. using word relationships to better understand each word.

**Key Ideas & Details**

**Cluster** Given an inference or conclusion, use explicit details and implicit information from the text to support the inference or conclusion provided.

**Standard** **RI.5.1**  
Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.

<b>Evidence Statement</b>		
1. The student will identify text evidence (explicit details and/or implicit information) to support a given inference or conclusion based on the text.		
<b>Performance Level Descriptors (PLDs)</b>

**Cluster**            **Key Ideas & Details**  
 Identify or summarize central ideas, key events, or procedures and details that support them.

**Standard**        **RI.5.2**  
 Determine two or more main ideas of a text and explain how they are supported by key details; summarize the text.

<b>Evidence Statement</b>		
1. The student will determine or summarize a main idea, key event, or supporting details.

**Craft & Structure**

**Cluster**

Determine intended meanings of words, including academic/tier 2 and domain-specific/tier 3 words, and the impact of the author’s word choice and use of figurative language, with primary focus on the academic/tier 2 vocabulary common to complex texts in all disciplines.

**RI.5.4**

**Standard**

Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 5 topic or subject area.

Evidence Statement		
1. The student will determine the intended meaning of academic/tier 2 words and domain-specific/tier 3 words in an informational text.

**Cluster**      **Craft & Structure**  
 Relate knowledge of text structures or text features (e.g., bold text, headings) to obtain, interpret, or explain information.

**RI.5.5**

**Standard**      Compare and contrast the overall structure (e.g., chronology, comparison, cause/effect, problem/ solution) of events, ideas, concepts, or information in two or more texts.

<b>Evidence Statement</b>		
1. The student will analyze the structures used in two or more texts.

**Craft & Structure**

**Cluster** Determine the author’s message/line of reasoning and point of view/purpose and the impact of those perspectives on the information presented in a text.

**RI.5.6**

**Standard** Analyze multiple accounts of the same event or topic, noting important similarities and differences in the point of view they represent.

<b>Evidence Statement</b>		
1. The student will analyze multiple accounts of the same topic and the point of view used in each.

**Cluster**            **Integration of Knowledge & Ideas**  
 Determine the structure and logic of the author’s argument using claims supported by evidence.

**RI.5.8**

**Standard**        Explain how an author uses reasons and evidence to support particular points in a text, identifying which reasons and evidence support which point(s).

<b>Evidence Statements</b>		
<ol style="list-style-type: none"> <li>1. The student will explain how an author supports specific points in a text.</li> <li>2. The student will identify which evidence supports which point.</li> </ol>

**Language in Reading****Cluster**

Determine intended meaning of words and phrases based on context, word relationships, word structure (e.g., common roots, affixes), or the use of resources (e.g., a dictionary) and interpret use of language by distinguishing literal from figurative meanings.

**RI.5.11**

Determine or clarify the meaning of unknown and multi-meaning words and phrases *based on grade 5 reading and content*, choosing flexibly from a range of strategies.

**Standards****RI.5.12**

Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.

**Evidence Statements**

1. The student will determine the meaning of an unknown word or phrase by
  - a. using context clues,
  - b. using common Greek and Latin affixes and/or roots, and
  - c. using reference materials to determine and/or clarify meaning.
2. The student will demonstrate understanding of word relationships and nuances in meaning by
  - a. interpreting figurative language in context;
  - b. explaining the meaning of common idioms, adages, and proverbs in context; and
  - c. using word relationships to better understand each word.
