

Grade 7 ELA Concordance Table

Notes:

- This concordance table provides a way to compare scale scores from the **2024 KAP assessments** and the **new 2025 KAP assessments for trend monitoring**. It should **NOT** be used to compare individual scale scores from one grade to the next, but to understand the general relationship between scores on both assessments.
- Additionally, this table should only be used to convert 2024 scores to the 2025 scale. It should **NOT** be used to retrofit the 2025 scores to the 2024 scale.
- The linkage was developed using an equi-percentile method, which assumes the student population distributions are the same between 2024 and 2025.
- Because the two assessments are not identical, the table shows **concordant (linked) scores** not interchangeable scores.
- Linked scores should be interpreted as **approximate** equivalents and used for group-level decisions and trend monitoring.
- These linked scores should **not** be used to make high-stakes individual decisions.

2024 Scale Score		Percentage of Students At or Above This Score Point	2025 Scale Score	
Level 1	220	>99.9%	418	Level 1
	223	99.7%	435	
	228	99.3%	447	
	233	99%	456	
	237	98%	462	
	241	96%	468	
	245	94%	474	
	248	92%	479	
	252	90%	485	
	255	87%	489	
	258	84%	493	
	261	80%	497	
	264	77%	501	
	267	74%	506	
	269	70%	508	
	272	67%	512	
Level 2	275	64%	517	Level 2
	278	61%	521	
	280	57%	523	
	283	54%	527	
	286	50%	532
