This score report shows and explains your student’s performance on the Kansas English Language Proficiency Assessment (KELPA). Current and historic KELPA score reports are available to view in Kite® Parent Portal. Access is managed by your child’s school district. Please contact your school district for information on logging in to Kite Parent Portal.

1. This represents the overall proficiency score for the assessment administration.

2. Speaking, writing, listening, and reading domain test scores are used to determine the overall proficiency score. Students must receive all 4s on the domain scores (speaking, writing, listening, and reading) to be considered proficient.

3. Progress toward proficiency is determined for each student who did not score proficient. Domain scores for the current year’s KELPA assessment are compared to previous year’s KELPA assessment. Students may earn either Satisfactory Progress or Progress Not Demonstrated according to the comparison of the domain scores. For further information speak with your child’s teacher.
