- **Interim Common Bundled Reports** - Common Bundled Reports option is available within the Interim tab, allowing users to access all Interim Report data within one tab.

#### Updated features:

- **Interim Interactive Report Alert Message Update** - The messaging in the Interim interactive reporting has been updated to add clarity. The alert message users receive when a roster was selected but the students on that roster did not take the Interim assessment has been updated.
- **Test Coordination Update** - Grade 2 Reading Assessment information has been moved to Test Coordination. Teachers have access to Test Coordinator to view Grade 2 Reading Assessment information but will not have access to KAP Summative assessment data.
